Edirol R1 Audio Recorder

The R-1 combines a portable MP3 player with a high-quality MP3/WAV recorder that will suit both audio professionals as well as musicians and provides a high recording quality in a portable device. Using top-grade components the R-1 can record and playback at crystal-clear, 24-bit audio resolution without compression.

Audio is stored as stereo files directly onto removable CompactFlash™ cards, allowing for maximum flexibility in recording time. Up to nine format-quality modes are provided, ranging from 64 - 320kbps MP3 compression to 24-bit linear WAV format.

The R-1 is equipped with a stereo omni-directional Electret Condenser Mic for quick recording and because there are no moving parts there is no noise for the mic to pick up. It also features both external microphone and line inputs for stereo dynamic or plug-in powered electret condenser mics.

Additional features include simple one-touch recording; just press the REC button, the level indicator pops up on the display, and you're instantly ready to record. Internal effects include a noise suppressor, hum-cut, EQ, reverb, center cancel, and more.

The R-1 can be used as an MP3 player and runs on two AA batteries or from the included AC adaptor. In addition to the headphone output and external audio inputs, the R-1 can connect to computers via USB 2.0 for importing/exporting WAV / MP3 audio files. The headphone jack also doubles as a S/PDIF optical output.

Recording Time				
Data Format	Memory Size	Accessory		
		64MB	512MB	2GB
WAV, 24 bit / 44.1 kHz		4	31	125
WAV, 16 bit / 44.1 kHz		6	47	188
MP3, 16 bit / 320 kbps		27	208	831
MP3, 16 bit / 256 kbps		34	260	1039
MP3, 16 bit / 192 kbps		46	346	1386
MP3, 16 bit / 160 kbps		54	416	1663
MP3, 16 bit / 128 kbps		68	520	2079
MP3, 16 bit / 96 kbps		91	693	2772
MP3, 16 bit / 64 kbps		137	1040	4158

Features:

- Internal stereo mic
- External mic / line inputs
- Headphones & S/PDIF output
- Record to WAV or MP3
- LCD Display
- Store to standard CompactFlash card (max 2 GB)
- Audio effects including: Editable EQ, Noise Reducer, Hum Cut
- USB transfer
- Battery life: Playback 5.5 hours & Recording 1 hour approx.
- Supplied with PSU, CF Card 64 MB, Carrying Case
- Weight only 205 g (excluding CF and batteries)
